INTERVIEW SUMMARY

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

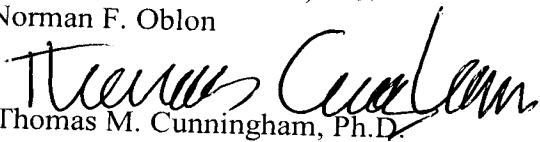

SIR:

On May 8, 2009, the Applicants' representative discussed and approved revisions to the claims by Examiner's Amendment to improve their clarity or antecedent basis. Rather than cancel claims 29, 34 and 39, which the Examiner indicated did further limit the independent claims, these claims were revised to further limit the invention by referring to a "peptide fragment of Apolipoprotein B between positions 3201-3558, 3548-3905, 3201-3905, 3291-3558, 3548-3815, or 3291-3815".

The Examiner was authorized to make these revisions by Examiner's Amendment.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
